Common questions

Answers to questions we often get about behaviour on politiet.no, computed from the data for the selected period.

How many police reports are submitted online, and is it growing?

33.4K reports submitted

33,376 police reports were submitted online in the period, on average 371 a day. From the first to the last 28 days the average went up 15%.

How many who start a report finish it, and where do they drop off?

44% complete

44% of visits that press "Log in and report" end with a submitted report. The biggest drop is between logging in and creating the report: only 64% continue.

Visits are counted per day and step. The numbers show how many reach each step, not exactly the same visits all the way through.

Online police report

Step	Visits	Of first	From previous
Pressed "Log in and report"	76,028	100.0%	–
Created a report	48,797	64.2%	64.2%

Per 100 submitted reports there were 20.5 visits with a crash and 33.3 with validation errors. The crash rate went from 19.6 to 23.5 between the first and the last 28 days.

Crash = the "Anmeldelse: ErrorBoundary" event. Validation error = "Anmeldelse har valideringsfeil".

1.2M clicks to passport booking

Passport appointment booking got 1,196,522 clicks (13,295 a day), 11 times as many as Online police report.

Measured as clicks on links to the services' domains (outlinks).
